August 2018

Message from the Manager - Scott Simerlink

The Club will be starting several projects this month to enhance the facility. We are going to replace the drainage pipe and catch basins between holes 5 and 6. The pipe has degraded over time and this will clean up this area and the catch basins. The tennis courts numbers 1-4 will be resurfaced in August as well.

Our ladies game day is a great way to meet fellow card players. Bridge and canasta are the games. Beginners players are welcome. Make plans to join the ladies on Wednesday the 15th. This has been such a success we are thinking of starting a ladies book club. Please email me if

this would be something that might interest you at ssimerlink@florencecc.com

Our last two summer camps will be golf camp the first week of August and music camp the next week. Call the office or email the Club to sign up.

Saturday, August 18th is our next trivia night and this is always a great fun evening to get friends together. The kids can go to our back to school swim from 6-10 and enjoy the last Saturday before school is back in session.

Starting August 20th the pool hours will be 4-8pm during the week and 10-8 Saturdays and 1-8 on Sundays. Congratulations to our

Head Golf Pro, Steve Bhers' son Stephen, who qualified to play in this years US Men's Amateur at Pebble Beach. Quite an accomplishment and we wish Steve and Stephen our best this month at Pebble Beach and Spyglass.

Assistant Golf Pro, Luke Coates, has left to continue his education and we wish him well in the next chapter of his career.

Jaden Cross will be joining our staff as Clubhouse Manager this month. Please be sure to welcome her when you see her around!

As always, see you at the Club!
Scott Simerlink

Congratulations

Congratulations to this group of kids! This was our 6 and Under 100yd Freestyle Relay Team that represented Florence Country Club. They Received 1st Place! Members of this team were Eliza Johnson, Jane Hyman, Ben Lewis and Cody Brewton. We also want to congratulate everyone else on the team for their hard work this season!!!!

Sunday, August 26th

Golf Maintenance News

We have had an excellent growing season up through around the first week of July when things started to dry out. The golf course has held up well through the dry spell we have faced with only the normal mounds and tree lines drying out. I often get the question “why don’t you just run more irrigation?” When dealing with a drought situation, the simple answer is; we do. We really focus our water usage on localized areas that are prone to drying out instead of treating the entire property the same. This method conserves water greatly and could be compared to hand watering a small area for 5 minutes instead of turning on the irrigation for 20 minutes to get the same affect. Our greens are our main priority so as drought conditions persist it is not uncommon to stop watering the driving range, fairways and tees in that order to ensure we have enough to keep our greens alive. Our ponds can and have been pulled dry in the past and we would not like to re-live that scenario. We do have a deep well installed to help fill the irrigation pond in such an event. Even with the extra water usage irrigation water does not take the place of natural rainfall. Plants never respond as well to irrigation compared to rainfall. Fortunately, we have received some rainfall to relieve some of the pressure.

The Greens aeration process went perfect again this year. Not only did our equipment work well, but the temperatures were reasonable cool as compared to years past. My staff did a great job pulling together and working extended hours for several days in order to re-open for play as soon as possible. I am very thankful for the efforts and for everyones understanding of this vital process. I have been very happy with the healing process and I feel we should be healed within the three week time frame I projected if not before.

Please feel free to contact me with any questions or concerns.

Respectfully,

Dru
